

THE FOILER®

F-Foiler-Kit

READY-TO-GO
PRELOADED
7/32" COPPER FOIL

THE FOILER[®]

FROM TRADITION TO TOMORROW
A TOTAL TRANSFORMATION IN FOILING

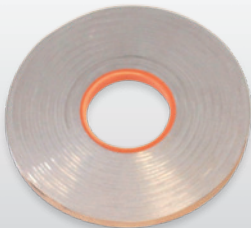

7/32" TIP

1/4" TIP

3/16" TIP

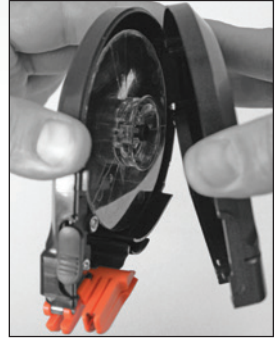

PRELOADED 7/32" COPPER FOIL

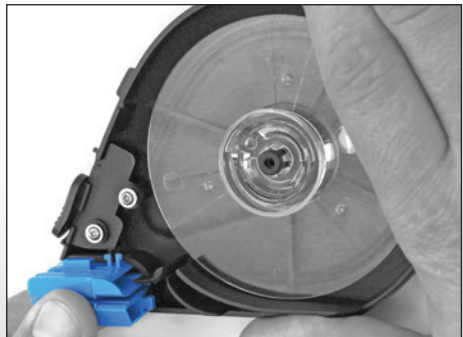

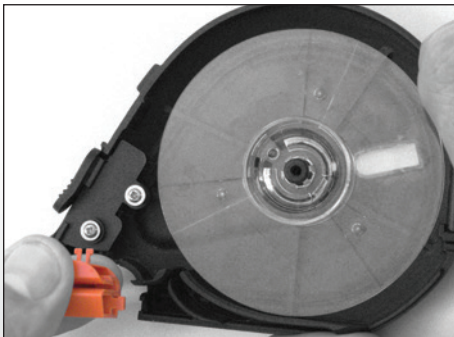

QUICK INSTRUCTIONS:

CHANGING THE TIP:

1. Select **CASSETTE** and matching **TIP** based on desired foil size.
Open The **FOILER® CASE** by pulling the **TABS** away from each other.

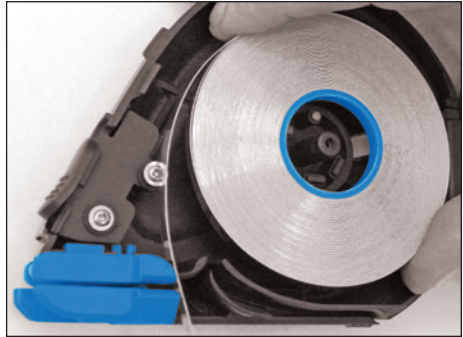

2. Lift installed **TIP** up to release it from the **CASE**. Line up the **NEW TIP** and push down until it snaps into position.

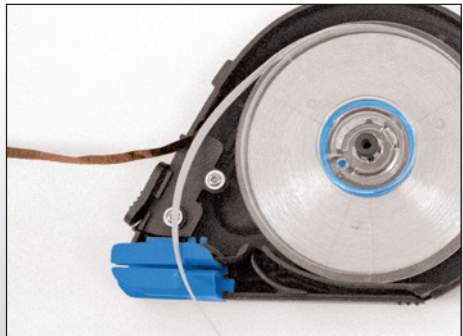

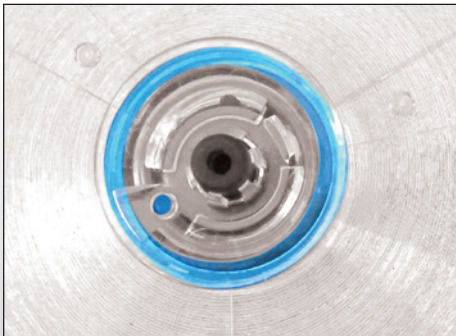

QUICK INSTRUCTIONS:

INSTALLING THE FOIL CASSETTE:

3. With The **FOILER® CASE** open, lift the **CLEAR DISK** straight up, put aside. Place THE **FOIL CASSETTE** over the **POST** with the foil unwinding in a counterclockwise direction.

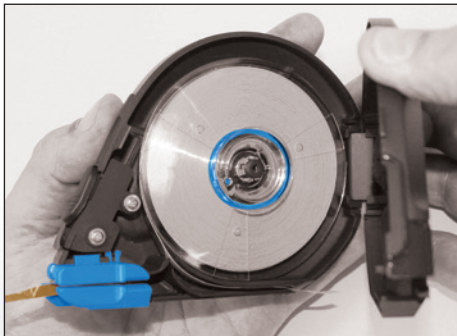

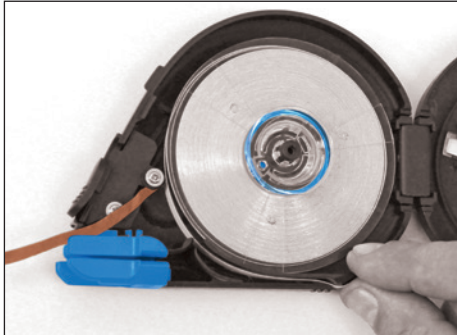

4. Place the **CLEAR DISK** over THE **FOIL CASSETTE**. Align the **CLEAR DISK HOLE** over the proper **COLOR/SIZE PIN** (match the color of the **TIP** and the **CORE** of the foil). Peel the **LINER** from the copper foil, separating about 4" (20 cm).

QUICK INSTRUCTIONS:

INSTALLING THE FOIL CASSETTE: (CONTINUED)

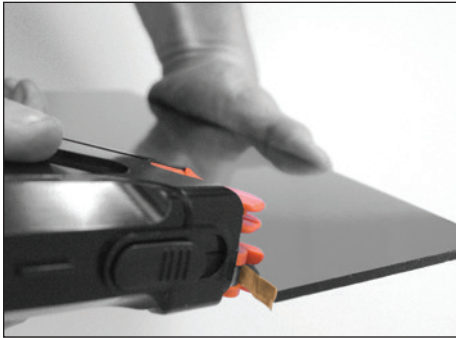

5. Feed the **LINER** into **LINER SLOT**. Feed the copper **FOIL** into **FOIL SLOT**. Making sure that the liner and foil are seated into the slot. Close the **CASE** until you hear the **LATCH** click.

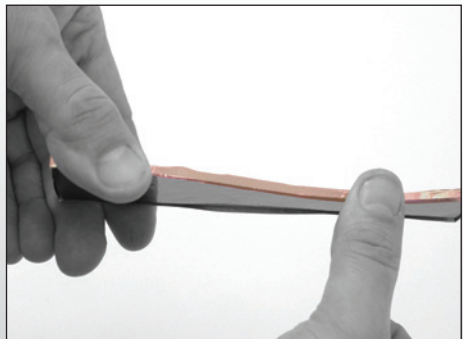

QUICK INSTRUCTIONS:

FOILING THE **GLASS EDGE**:

6. Select your starting point, then push the **GLASS GUIDE** portion of the **TIP** onto the glass edge until the **ROLLER** makes firm contact. Keep pressure on the **ROLLER** with the glass edge as you glide the **TIP** around the glass piece. This will keep the glass centered.

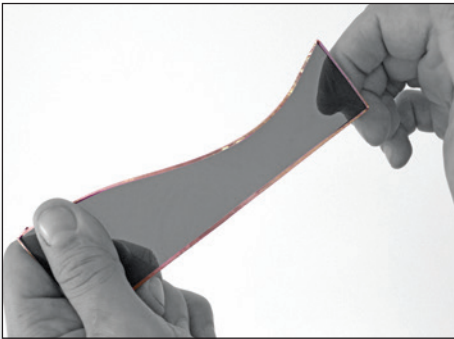

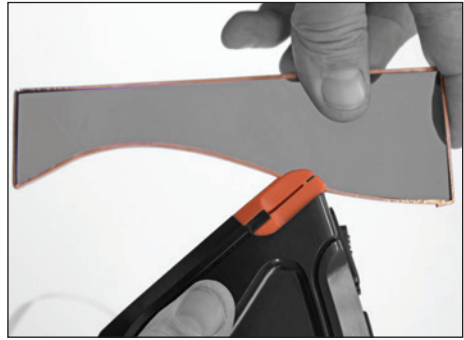

7. Once the piece is completely foiled with appropriate overlap, slide the **BLADE SWITCH** toward the foil to cut it. Use your finger or a tool to press the foil firmly against the outer edge of the glass, ensuring a strong bond.

QUICK INSTRUCTIONS:

FOILING THE **GLASS EDGE**: (CONTINUED)

8. Insert the glass into **THE CRIMPER/ BURNISHER** portion of the **TIP**, just slightly away from the corner. Move the **CRIMPER/BURNISHER** back-and-forth on the glass edge to fold over the foil and smooth out any wrinkles. Repeat this process on all the glass piece's sides.

US AND FOREIGN PATENTS PENDING

THE FOILER®

FROM TRADITION TO TOMORROW
A TOTAL TRANSFORMATION IN FOILING

Dear Artist,
Congratulations on purchasing THE **FOILER**®, a patent-pending revolutionary advancement in foiling. Designed with cutting-edge technology and crafted from the highest quality materials, it makes foiling accessible even for beginner crafters.

Please read these instructions and become acquainted with THE **FOILER**®. Visit our website, www.techniglass.com/the-foiler/ for more information and downloads.

On behalf of our entire team, thank you for choosing Techniglass for all your foiling needs. Techniglass is dedicated to bringing you a Total Transformation in Foiling.

Sincerely,
Mike Hacikyan, President
